SUMMARY

A motivated Computer Science student at Udayana University with a GPA of 3.86, specializing in Software Engineering and UI/UX Design. With a passion for technology and creativity, I focus on crafting user-friendly interfaces and efficient software solutions. Self-taught through various platforms, I continue to enhance my skills in programming and design. Based in Bali, I'm open to connecting and collaborating.

EDUCATION

Udayana University

Bachelor of Computer Science

Minors in User Interface and User Experience (UI/UX)

Cumulative GPA: 3.86/4.0
